

# Gulfstream™

## G280

PERFORMANCE EXCELLENCE

DISCOVER PROMISE IN  
EVERY JOURNEY

# FREEDOM TO TRIUMPH

ACCESS CREATES OPPORTUNITY

With its long range and short-field performance, the Gulfstream G280 effortlessly transports you to every important destination, whether it's a steep-approach city center or a peak with fresh powder.

## ELEVATE YOUR GAME

### SAVE TIME FOR WHAT MATTERS MOST

At Mach 0.80, the G280 flies 3,600 nautical miles/6,667 kilometers, and at its high-speed cruise of Mach 0.84, flies 3,000 nautical miles/5,556 kilometers.

With its range, speed and advanced flight controls, G280 offers the longest fastest flight of any super-midsize aircraft.

NBAA IFR theoretical range. Actual range will be affected by ATC routing, operating speed, weather, outfitting options and other factors.

# DESIGNED TO DELIGHT

## COMFORT AT EVERY ALTITUDE

With Gulfstream's 100-percent-fresh-air environment, low cabin altitude and 19 windows for abundant natural light, G280 passengers enjoy a refreshing cabin experience.

The G280 touts a wide, long cabin; best-in-class galley; ultraquiet interior; and flexible floor plans.

# SMOOTH PRECISE FLIGHT

POWER AND EFFICIENCY ARE EQUAL ADVANTAGES

High-thrust, fuel-efficient engines paired with standard feature autothrottle and autobrake systems give pilots exceptional control that translates into fluid takeoffs and landings.

# ADVANCED FEATURES

## CABIN COMFORT

The wide, long cabin seats up to 10, offers a full-size lavatory closet, a large baggage area and sleeps up to five. Fully adjustable seats enhance personal comfort and connectivity options keep you in constant touch.

## CABIN EXPERIENCE

100 percent fresh air is replenished throughout the quietest cabin in the super-midsize class. With the G280 low cabin altitude, travelers are comfortable en route and refreshed on arrival.

## 19 LARGE WINDOWS

G280 windows offer stunning views outside and abundant natural light inside, creating an environment that ensures you arrive at your best.

## FLIGHT DECK TECHNOLOGY

PlaneView280 combines advanced graphics and highly interactive controls with multiple systems to improve situational awareness and safety, including enhanced and synthetic vision systems and head-up display. Designed for growth and future technologies, the PlaneView280 flight deck offers unmatched flight sophistication.

## FUEL-EFFICIENT ENGINES

The G280 delivers best-in-class fuel-efficiency, outperforming other competing aircraft by as much as 12 percent. And in its class, only the G280 has the range and efficiency to fly London to New York nonstop.

## WORLDWIDE CUSTOMER SUPPORT

With maintenance facilities around the world, Field and Airborne Support Teams (FAST) and personalized customer service, operators never fly beyond the reach of Gulfstream Customer Support.

# PERFORMANCE DEFINES POSSIBILITY

ASCEND WITH CONFIDENCE

No other super-midsize aircraft delivers a better combination of speed, range, performance and cabin utility. Superior short-field performance comes with a takeoff distance of 4,750 feet/1,448 meters.

# EMPOWER YOUR SUCCESS

LIFE WITHOUT LIMITS

Your lifestyle demands fast, efficient travel and the autonomy to set your own schedule. The G280 delivers on every level.

# THE GULFSTREAM PROMISE

How we serve you is just as important as how your aircraft performs.  
By striving to delight you with every interaction, we deliver a memorable  
experience that enriches your journey.
